

Pre-Paid Tuition Program

Hundreds of parents are sending their children to Christian elementary schools. Many of these parents are convinced that Christian education cannot end with the eighth grade. Viewing the decline of society's moral values and the apathy toward God and His Holy Word, Christian parents realize that full-time Christian education is critical for their children's high school years.

We have found that many parents want a high school that emphasizes Christian truth and values, Christian leadership development, and an outstanding academic program in a safe, nurturing environment. We realize that there are many challenges that parents face as they select a high school for their children. One concern is financial planning.

Lutheran High has adopted a program that makes it possible for parents to pre-pay for their children at Lutheran High long before they reach high school age.

This program encourages parents to regularly set money aside toward future high school tuition. One big benefit is the fact that parents can lock tuition in at the current rate. Moreover, parents can feel good about fully dedicating and preparing their children for a Christian high school education. The decision to send their children to Lutheran High has already been made.

What will the tuition at Sheboygan Area Lutheran High School be 3, 5, 10, or 12 years from now? That is a very real concern for many parents who would like a Christian education for their children. Of course, we cannot predict what it will be, but we can look back and see that tuition has never decreased from one year to another. We assume that costs (and tuition) will continue to increase. That is one of the reasons for this program. You CAN avoid tuition increases.

Let us suppose that you have a child in the 5th grade now.

- ❖ You could, by paying all four years of tuition now (before December 31), lock all four years in at this year's tuition rate.
- ❖ Or you could pay the child's 9th grade tuition before December 31 this year, the 10th grade tuition next year before December 31, etc. each year paid would be at the rate in effect at the date paid.
- ❖ You could encourage Grandma and Grandpa to give a pre-paid tuition check as a confirmation or Christmas gift.
- ❖ You could make monthly payments until your child's freshman year is paid off.

This program is open to children of all ages. Parents of a current high school student can also pay for their son or daughter's future years prior to December 31 at the current rate. This can be a great investment and savings for you and your family.

- ❖ Please note that families who choose to pre-pay tuition are ineligible to apply for financial assistance.
