“But you are a chosen people, a royal priesthood, a holy nation, a people belonging to God, that you may declare the praises of him who called you out of darkness into his wonderful light. Once you were not a people, but now you are the people of God; once you had not received mercy, but now you have received mercy.”

Whether offering words of encouragement, pride or congratulations, your message of love will forever be a part of your son's or daughter's senior experience.

In addition to your message, you may add a photograph or two (more in larger salutes). We would prefer **digital** photos (300 resolution in jpg format). All senior salutes will be in color rather than in black and white at no additional charge. We are hoping every senior will be included in this special section of their yearbook. You will find the prices for ads listed below. Please send your checks with the correct amount, your message, any photos you would like to include (all pictures will be returned), and a **STAMPED, SELF-ADDRESSED ENVELOPE** to Ms. Manning at LHS. Feel free to pass this information on to siblings, grandparents, aunts, uncles, or other family members and friends who may wish to share a permanent message about your son or daughter.

We will accept senior salutes at the cost listed through **Wednesday, November 13th**; however, please help the yearbook staff to complete their work within the deadlines by submitting them as soon as possible.

PARENTS - We have been notified that we have a case of H1N1. This is a great reminder that if students are sick, please keep them home. Remind them to wash their hands frequently. Please read the attached letter from the Health Department and our principal, Mr. Holzheimer.

Dear Parents and Guardians:

As we enter the new traditional influenza season, we expect Wisconsin to continue seeing cases of the new pandemic flu. School and public health officials are working to keep our children safe and healthy. *We need your help!*

The most important thing you can do is to keep your child home if he or she is ill. If your child is so sick that you would normally seek medical care, please do so. The new pandemic flu is very similar to ordinary seasonal flu. Each morning, parents and caregivers should check their children and other family members for flu symptoms such as fever, cough, or sore throat. A few cases of pandemic influenza have begun with nausea, vomiting, and/or diarrhea symptoms.

All sick students should stay out of school for at least 24 hours after fever is gone without use of Tylenol® or Ibuprofen®. Students will likely be home 3-5 days. Ill students should not attend alternative childcare. If a child or adult is ill with other symptoms, they should stay home at least one day to see how the illness develops and until completely well for 24 hours. Children who are ill upon arrival at school or become ill during the school day will be sent home. Children and adults who are ill should stay home and not go into the community unless they need medical care. **Notify the school of all flu-like absences and symptoms or confirmed cases of pandemic flu.**

At this time, health and school officials are not recommending school closures for individual cases of H1N1 flu. However, as with regular seasonal flu, we might recommend closing schools if larger numbers of students or faculty become ill.

In addition to staying home when sick, here are three important things you and your family can do to help stay healthy and keep others safe:

- **Cover your nose and mouth with a tissue when you cough or sneeze. Throw the tissue in the trash after you use it.**
- **Wash your hands often with soap and water, especially after you cough or sneeze. Alcohol-based hands cleaners are also effective.**
- **Avoid touching your eyes, nose, or mouth. Germs spread that way.**

Again, contact your medical provider and seek medical care if that is what you would normally do.

More information about new H1N1 flu is available on the following web sites:

You may also call the Public Health Flu Information line at 211 or your local health department 920-459-6400.

Thank you for your patience and cooperation during this time. With your help, we can help keep everyone safe and healthy.

Sincerely,

Al Holzheimer
Principal
